VIII	<p>Design a webpage titled “My Favourite Hobby.” Students should begin with the basic structure of an HTML document using <code><html></code>, <code><head></code>, <code><title></code>, and <code><body></code> tags. The page should include proper headings and some formatted text using tags such as <code></code>, <code><i></code>, and <code><u></code> to describe their hobby and explain why they like it. A moving welcome message should be added using the <code><marquee></code> tag to make the webpage attractive. Students should also include a list of items needed for their hobby using both ordered (<code></code>) and unordered (<code></code>) lists. An image related to the hobby should be inserted using the <code></code> tag with appropriate attributes. They must also add one useful website link related to the hobby using the <code><a></code> (anchor) tag. Finally, students should create a small table showing their weekly practice schedule using <code><table></code>, <code><tr></code>, <code><th></code>, and <code><td></code> tags. Students can be creative with headings, colours, and content while following the tags learned in class.</p>	<p>Guidelines for submission: Students should submit their assignment through Google Classroom. Open Google Classroom and join the class using the Class Code: 342hm2ah.</p> <p>Go to the Classwork section and open the assignment titled “Std 8 – HTML Holiday Assignment.” Click Add or Create → File → Upload, select the saved HTML file (.html) and the images used in the webpage, and then click Turn In to submit the assignment. The file should be named in the format Name_Class8_HTMLActivity.html (example: <i>Riya_Class8_HTMLActivity.html</i>).</p>
